

The happier deals Aluminium

Provides an element of style to extension and orangery roofs by flooding natural light into previously dark gloomy rooms. Its distinctive sleek, frameless edge-to-edge design plus blue glass option gives a stunning contemporary look that complements the style of the roof and allows the largest possible amount of light into the room. The Happier deals is frameless from the inside, giving a bright open feel. The fully insulated frame with 'Warm Frame' technology and high performance noise reducing glass means the blocks out noise from the outside and is unrivalled in thermal efficiency.

*Noise reducing glass on 26mm only

The design options with happier deals are endless. Happier deals are available in grey or white as standard or choose a bespoke colour to suit your property.

For happier deals Roof an extensive range of aluminium decorative cornices add style and shape to the roof line, concealing gutters and rafter ends. There are 4 styles to choose from.

Design the width of your internal pelmet to suit your new room from 300mm to 1200mm. The added insulation in the pelmet will ensure your new orangery or extension is always warm, welcoming and cosy.

- 8 Structural set out post

ADD THERMAL **EFFICIENCY** AND STYLE

The perfect complement to happier deals. Roof and five times more thermally efficient than a brick pillar, super-insulated columns allow you to add more glazing into the design while maintaining thermal efficiency.

Plastered on the inside, super-insulated columns are a great way to eliminate brickwork and mess during installation and provide the solidity of a brick pillar.

A super-insulated column with the right glazing options can surpass the thermal performance requirements of a brick built extension.
